

Taps attached to stakes look bad,
 are susceptible to vandalism and
 damage, and pose a significant injury
 risk for children in playgrounds

Halgan Tap Bollards are the answer...

Halgan's Tap Bollards are

- highly visible
- safe
- all in one durable design
- low maintenance and long lasting
- made from uv stabilised recyclable polyethylene · easy installation · in-built lug for concreting or bolting

colour coded for specific uses

- dark green for rainwater
- yellow for high visibility
- purple for recycled water
- white for parks / councils
- glow in the dark for public areas
- custom colours available on request
